ABOUT ME

Graphic Designer and content creator focused on visual storytelling, communication, and audience engagement. Experienced in developing presentations, digital content, and visual assets that translate complex ideas into clear, engaging narratives. Skilled in collaborating across teams, managing multiple priorities, and supporting initiatives that drive positive impact through thoughtful design.

WORK EXPERIENCE

Graphic Design & Content Creation Intern *Jan 2026 - Present*

Orlandojobs.com

- Designed visual assets, presentations, and digital content to support communication goals and audience engagement.
- Created mood boards, layouts, and visual concepts to communicate ideas clearly and consistently.
- Collaborated with marketing teams while managing multiple projects under tight deadlines.

Calligraphy Personalization Artist *Nov 2023 - Present*

The Walt Disney Company

- Executed handcrafted typography and graphic work for live guest-facing environments, maintaining brand standards and legibility.
- Applied precision, scale, and spacing to produce clear, consistent lettering in high-volume production settings.
- Supported immersive storytelling by aligning visual craft with themed environments.

Merchandise Cast Member *Aug 2025 - Present*

The Walt Disney Company

- Supported themed environments by maintaining visual presentation, signage clarity, and brand storytelling through interactions.
- Observed and adapted to how graphics and spatial design influence guest flow and experience.

Graphic Designer *Fall 2025*

Rebecca's Garden of Hope

- Developed concept-driven visual systems and digital content to support community-focused initiatives.
- Designed graphics and layouts that reinforced messaging and strengthened audience connection.

Outdoor Food & Beverage Cast Member *Jul 2022 - Jul 2025*

The Walt Disney Company

- Adapted quickly across multiple park locations, applying problem-solving and production skills to meet operational needs.
- Gained understanding of how design, operations, and guest behavior intersect in large-scale themed experiences
